Una nuova crema...Antica Profumeria Monalys, cosmesi personalizzata - special facial cream

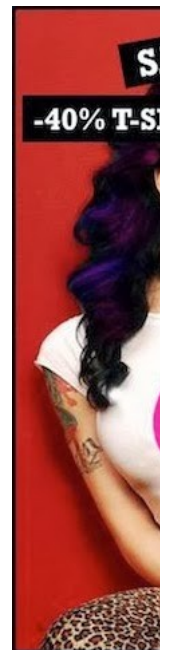

ENG - Monalys - special face cream

Here the new cosmetic i've recently started to use, and in the next days i'll tell you the first effects. It is a special cosmetic created following my specific need, its formula is "customized" for every girl or woman. Before to obtain the unique formula i've been asked about my personal skin needs. The name is "Ancient Perfumery Monalys" and its company from Florence, where is the workshop in an historical building. Curious about the results? stay tuned :)

ITA -Una nuova crema...Monalys, cosmesi personalizzata - special facial cream

Ecco qui un prodotto per me completamente nuovo, che sto provando in questi giorni e di cui presto vi racconterò gli effetti (giusto il tempo di fare una prima prova di una decina di giorni per constatare i risultati). Si chiama "Antica Profumeria Monalys" e il laboratorio in cui viene creata si trova a Firenze in un antico palazzo. E' una crema un po' speciale perché creata su misura per me così come per qualsiasi altra ragazza che la desidera. Nei giorni precedenti ho risposto al questionario e in base alle mie risposte è stata creata :) Volete sapere di più? stay tuned e seguitemi per la mia prossima review ;) buona giornata a tutti! Amy
